The working of the farms having been entrusted by G.O. of 7-3-08, to the Sanitary Engineering Dept, the Supervisor by an employe of that Dept can not strictly be considered as working "outside his own branch of duty" so as to give rise to the claim for additional remuneration. If however the administrative Dept considers that the charge of the farms is not the legitimate work of the Supervisor, and that it is desirable to give him an allowance to induce him to make the Concern self supporting there

Objection to the grant of an allowance.

But the allowance can be given only after it is shown that the concern has actually proved a success that yields a revenue sufficient to cover all the charges including the supervisor's allowance. Concerning the realisations from the farms in the past, one can not feel assured if the estimate of income now put is not too sanguine

The recommendation for the grant of an allowance to the supervisor, may under the circumstances be allowed to be renewed say in one year next. An assurance may, if necessary, be conveyed that if the net realisations are sufficient it would
